Upcoming Advanced exams

Word has it that the Advanced examinations have become much more difficult. As a result individuals are seeking instructors to aid them in acquiring their upgraded license. If you can help please contact a member of the executive.

Thanks again.

Well that completes another issue of this fine bulletin. Before the crankmobile is started though, I would like to thank the following for their muchly needed contributions to this months edition:

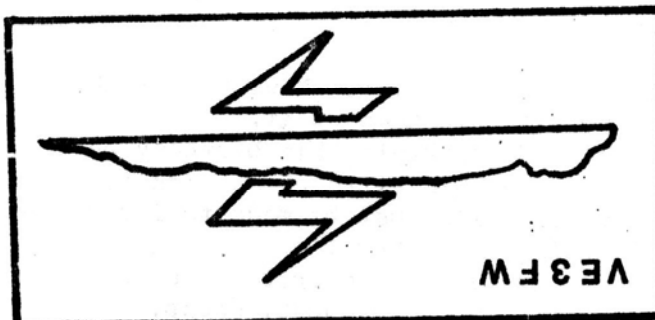

VE3BBS: Skip for all the photocopied information.
The executive for their help in prepairing the agenda.
The lads from Hoser Control: The PHANTOM and Gor BU Chev (UA7PAA) for their revelation of the TRUTH!
VE3AYZ for his update on the YACHT Race.

Update.

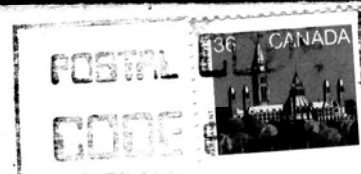

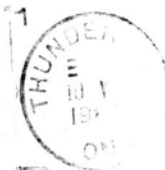

VE3ZOO is coming. An organization that will spread HAM radio throughout the Animal Kingdom (fourlegged and otherwise), and visa versa.
